FOREVER *(Ben Harper)*

Autor: Ben Harper

```
       C                    F    G         Am
Not talkin' 'bout a year no not three or four
   C                             F          G        Am
I don't want that kind of forever in my life anymore
       C            F            G           Am
Forever always seems to be around when it begins
           C          F              G           Am
But forever never seems to be around when it ends
```

```
                      C      G  Am  G           C      G  Am   G
So give me your  forever  _   _ please your  forever  _    _
                    C     G   Am  G      C    G  Am   G
Not a day less will do _   _   _ from you  _    _    _
```

```
          C                F   G         Am
People spend so much time  every single day
   C                 F                 G          Am
Runnin' 'round all over town givin' their forever away
       C           F             G            Am
But no not me I won't let my forever roam
       C            F            G             Am
And now I hope I can find my forever a home
```

```
                      C      G  Am  G           C      G  Am   G
So give me your  forever  _   _ please your  forever  _    _
                    C     G   Am  G      C    G  Am   G
Not a day less will do _   _   _ from you  _    _    _
```

INTRO

```
          C                     F    G          Am
Like a handless clock with numbers  an infinite of time
   C                F    G           Am
No not the forever found only in the mind
       C            F            G              Am
Forever always seems to be around when things begin
           C          F             G             Am
But forever never seems to be around when things end
```

```
                      C      G  Am  G           C      G  Am   G
So give me your  forever  _   _ please your  forever  _    _
                    C     G   Am  G      C    G  Am   G
Not a day less will do _   _   _ from you  _    _    _
```
