INTRO (Bm   G   Bm   G)

```
          D                      G                  Bm              A            G
And I'd give up forever to touch you 'cause I know that you feel me somehow
          D                     G                  Bm              A              G
You're the closest to heaven that I'll ever be and I don't want to go home right now
          D                   G          Bm          A        G
And all I can taste is this moment and all I can breathe is your life
          D       D/F#      G           Bm          A        G
And sooner or later it's over I just don't want to miss you tonight
```

```
          Bm                   A        G            Bm            A          G
And I don't want the world to see me 'cause I don't think they'd understand
          Bm            A         G              Bm           A        G
When everything's made to be broken I just want you to know who I am
```

(Bm   G   Bm   G)

```
          D                       G                 Bm            A            G
And you can't fight the tears that ain't coming or the moment of truth in your lies
          D                   G               Bm            A           G
When everything feels like the movies yeah you bleed just to know you're alive
          D                   G            Bm          A          G
And I don't want the world to see me 'cause I don't think they'd understand
          D       D/F#         G              Bm           A        G
When everything's made to be broken I just want you to know who I am
```

(Bm   G   Bm   G   D/F#   G   Bm   G   D/F#   Bm)

```
          Bm                   A        G            Bm            A          G
And I don't want the world to see me 'cause I don't think they'd understand
          Bm            A         G              Bm           A        G
When everything's made to be broken I just want you to know who I am
