

MY MAYHEM (Mid Ayr)

Autores: Mid Ayr

INTRO 4x (Abm Ebm Db Cb)

You see the other getting close got just kicks ot to shoot
And ducks you know I know you need a batch of approval _
Only a protege that isn't too long at a thing for you
To make a mockery out of me _

What makes it worse is that I found out these people think that you're funny
Start to say the I'm the one with the problem _
And I'll be up with no reaction and talk with that expression
Since my opinion well it's easiest to be _

Mayhem my mayhem

And every day I have this talk to finish what I started
Instead of quickly grow this heart and be restless _
So who will not say what matters my own and let a shot at color confetti
Scattered all through the carpet _

And sure I'm in the works of recording a hit
Of course it's Douglas standing except he's stranded and story _
Playing dumb feeling fear _
Oh man I really fucked it this time
